**Course Note Purchase.**

Will you be purchasing Dr. Laude's course packet on September 2? The packet is 400 pages of material including the syllabus, all 25 of my lectures, 12 weekly worksheets with answer keys, all of last year's quizzes and exams for the course, and four lectures that survey the high school chemistry you are expected to know for the course. The cost of the notes is about \$25 and it is tax free because they will be sold as a one-day fund raiser by NSC with all profit going to student scholarships.

I intend to purchase the notes.                      **yes** \_\_\_\_\_ **no** \_\_\_\_\_

**UTeach Outreach Course.** This course provides graded credit to students who give inquiry-based science lessons to students in local elementary schools.

I am interested in learning about the UTeach Outreach program this semester.                      **yes** \_\_\_\_\_ **no** \_\_\_\_\_

**Peer to Peer Application.** I would like to be considered as a peer to peer assistant for Dr. Laude's course. I understand that this will entail identifying an academic community in the residence halls for three hours, one night per week. During this time I will eat dinner with a TA, attend a discussion section, and then promote work on worksheets in peer study groups.

**yes** \_\_\_\_\_ **no** \_\_\_\_\_

If you are interested, please fill out the following information.
